

Fundamentals of Nursing

By Sanjeev Singh

2009. Hardcover. Condition: New. 380 The book is well written at a level that will be easily understood by the intended audience. One of the best features of this book is the manner in which the material is organized and presented. The author has made the content visually appealing by using text and illustrations wherever required. Fundamentals of Nursing, presents the fundamentals of nursing care within the framework of the nursing process. It is ideal for quick reference or for use during clinical. An accessible writing style presents all the material essential for mastery. Subsequent units are organized according to the steps of the nursing process providing the essentials of Assessment and Diagnosis, Planning and Implementation, and Documentation and Evaluation. A vast crowd of Nurses and Health Care Professionals and their learning requirements have been kept in consideration and duly implemented in this book. Contents:- Contents, Preface ix, 1. Introduction 1, Concept of Health, The Health-illness Continuum, Factors Influencing, Health, Causes and Risk Factors for Developing Illness, Body, Defences: Immunity and Immunization, Illness and Illness Behaviour, Impact of Illness on Patient and Family, Health Care Services, Health, Care Teams, Types of Health Care Agencies, Functions and Purposes, of the Health...

Reviews

This publication may be really worth a go through, and a lot better than other. It really is written in simple terms and never difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Natalie Abbott**

This book will not be simple to get going on reading but extremely exciting to read through. Yes, it can be play, still an interesting and amazing literature. I am very easily could possibly get a delight of reading a written book.

-- **Rene Olson**
